

Manufacturing Careers Program – employer funding

The Manufacturing Careers Program is being offered by Connecticut Center for Advanced Technology through a grant made possible by Workforce Solutions Collaborative Metro Hartford (WSCMH) to support career advancement in the manufacturing sector.

The funding subsidies that are available to manufacturing companies that will engage the participants of this program in internships or hiring are:

- Internship: the employer is subsidized for 24 hours a week, \$10./hour for 6 weeks**
- Employment/OJT: the employer is subsidized for 25% of wages, 40 hours a week for 12 weeks**
