CAPITAL WORKFORCE PARTNERS
REQUEST FOR STATEMENT OF QUALIFICATIONS
SUMMER YOUTH EMPLOYMENT SUSTAINABILITY
September 15, 2017

I. BACKGROUND

Capital Workforce Partners

As the state's regional Workforce Development Board (WDB) in North Central Connecticut, Capital Workforce Partners (CWP) helps individuals overcome barriers to employment and closes the gap between skills and business hiring needs. The organization is guided by a Consortium of the region's chief and elected officials and by representatives from business, education and labor serving on its Board of Directors. CWP invests in youth development, develops sustainable career paths for adult workers, and assists employers with a variety of programs and services provided through the American Job Center network.

Summer Youth Employment and Learning Program

The main goal of the Capital Workforce Partners Summer Youth Employment and Learning Program (SYELP) is to provide high-quality career competency development and work experiences to build opportunities for low- to moderate-income in-school youth in Hartford and the North Central Region. SYELP exposes and connects youth to career pathways through paid work experience to build a talent pipeline that meets employer needs.

II. PROJECT OVERVIEW

In partnership with the City of Hartford, Capital Workforce Partners is looking to establish a set of recommendations that will lead to successful sustainability of SYELP. The recommendations must be informed by data analysis of previous SYELP cohorts, a review of local and national best practices, and community and employer feedback. The sustainability planning activities objectives are to assist youth in having access to paid summer employment regardless of available public funding, and will consist of research, planning, marketing and coordination of key stakeholders in the city.

Through this RSQ, Capital Workforce Partners is seeking qualified individuals to lead the set of activities and deliverables set forth below.

Applicants may respond to one or more of the following:

In addition, the selected individual will be responsible for leading the creation of a CWP account with The National Student Clearinghouse and data analysis to track outcome data on SYELP applicants. Data analysis must be submitted back to CWP in both raw and narrative report formats.
