

**WIOA Dislocated Worker – Adult Transfer Request**

March 27, 2019

**Background**

Customer flow into the North Central One-Stop system consists of more low income adults than dislocated workers. The caseload distribution began to shift from primarily dislocated workers to primarily low income adults in 2016, and CWP implemented funding transfers to align WIOA resources with customer need beginning in FY17.

**Recommendation**

Request a transfer of WIOA funds from Dislocated Worker to Adult to align the distribution of funding with the distribution of customers using the One-Stop system.

WIOA Program	FY19 Allocation	Percentage	Transfer	Total	Percentage	Current Caseload
Adult	2,604,430	47.9%	710,000.00	3,314,430	61%	61%
DW	2,829,561	52.1%	(710,000.00)	2,119,561	39%	39%
Total	5,433,991			5,433,991	100%	100%

**Next Steps**

- Solicitation of public comment on transfer request
- Submission of transfer request to CT Dept. of Labor

Workforce Development Area:

North Central

Explanation of Transfer:

The balance of Adult and Dislocated Worker participants served in the North Central One-Stop system has steadily shifted since PY12. That year, 34% of new participants were enrolled in the Adult program; the percentage increased to 46% in PY13, 63% in PY14, 70% in PY15, and 75% in PY16. Customer flow has shifted since PY17, and as of December 2018, 61% of new WIOA participants were enrolled in the Adult program and 39% in the Dislocated Worker program. The demand for training scholarships is consistent with this trend. As of December 2018, \$673,639 in WIOA training funds were obligated to new ITAs, with \$410,000 (61%) going to Adult participants. Based on the relative need of the Adult population, CWP requests a transfer to increase the share of Adult funds to reflect the need.
