Introduction

CWP is committed to ensuring the effective operation of the region's workforce system through continuous improvement and innovation, while maintaining consistent, high quality services across its programs.

Compliance with federal and state law and regulations, and with policies and procedures established by the United States Department of Labor, Connecticut Department of Labor, and our other public and private funding partners is fundamental to a strong, successful, and sustainable workforce system.

This manual documents the policies and procedures to be followed in the implementation of CWP programs by its staff and contracted service providers, and presents detailed requirements, instructions and guidelines to ensure compliance with applicable state and federal requirements, laws and regulations, and to successfully fulfill contract requirements and meet performance standards.

The manual is designed to be dynamic; as policies are added or revised, the manual will be updated in real time, and users will be notified through electronic transmittals posted to Section 9 of this manual.

Our system is governed by these guiding principles:

- A. Provide programs and services designed to develop a qualified workforce with the career and occupational competencies needed by regional businesses.
- B. Ensure that the One-Stop American Job Centers (AJCs) are the hub of CWP's workforce system; programs and services for jobseekers and employers are connected through the AJCs.
- C. Partner with regional, state and local workforce development entities to ensure that systems are aligned to coordinate services to jobseekers and employers throughout the region.
- D. Maximize opportunities for success for all individual adult and youth jobseekers and workers in the region's talent pool.
- E. Design and implement workforce development programs and strategies to train jobseekers to learn critical skills and earn credentials that will enable them to prosper and advance in careers that pay well and allow them to support their families.
- F. Develop career pathways strategies as an integral feature of industry partnerships and sector-based initiatives leading to employer-valued/validated credentials and certifications.
- G. Ensure that all job seekers have equal access to and opportunity within our system, and that service delivery is designed to maximize the physical and programmatic accessibility for all jobseekers.
- H. Prioritize services to veterans, the long-term unemployed, and individuals with barriers to employment, including public assistance recipients, individuals with disabilities, former offenders, homeless individuals, out-of-school and out-of-work youth, and low-skilled adults, including those with limited English proficiency.
- I. Collaborate regionally with partner organizations and employers to meet the needs of jobseekers and businesses by aligning programs and cultivating sector partnerships for in-demand industries.
- J. Promote innovation, effective coordination, resource alignment and integrated service delivery to advance the employability and career prospects for the broadest possible range of jobseekers and workers.
- K. Commitment to continuous capacity building throughout its system.

Subject: Universal Accessibility and Compliance with ADA	Effective Date: 7/1/16 Rev. 7/20/23	

Compliance with Americans with Disabilities Act (ADA)

It is CWP's policy to comply with and ensure contractors' staff comply with WIOA section 188¹, if applicable, and the applicable provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 *et seq.*)² regarding the physical and programmatic accessibility of facilities, programs and services, technology, and materials for individuals with disabilities, including providing staff training and support for addressing the needs of individuals with disabilities.

¹WIOA SECTION 188. NONDISCRIMINATION. IN GENERAL. FEDERAL FINANCIAL ASSISTANCE.—For the purpose of applying the prohibitions against discrimination on the basis of age under the Age Discrimination Act of 1975 (42 U.S.C. 6101 *et seq.*), on the basis of disability under section 504H.R. 803—174 of the Rehabilitation Act of 1973 (29 U.S.C. 794), on the basis of sex under title IX of the Education Amendments of 1972 (20 U.S.C. 1681 *et seq.*), or on the basis of race, color, or national origin under title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d *et seq.*), programs and activities funded or otherwise financially assisted in whole or in part under this Act are considered to be programs and activities receiving Federal financial assistance.

²The Americans with Disabilities Act of 1990 (ADA) prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation. It also mandates the establishment of TDD/telephone relay services. The ADA was revised by the ADA Amendments Act of 2008 (P.L. 110-325), which became effective on January 1, 2009. The ADA is codified at 42 U.S.C. 12101 *et seq.* In July 2016, the Final Rule revising the ADA title II and III regulations was signed implementing the requirements of the ADA Amendments Act of 2008 which makes a number of significant changes to the meaning and interpretation of the ADA definition of "disability" to ensure that the definition of disability would be broadly construed and applied without extensive analysis.

CWP Policy and Procedures Manual

Program: CWP Universal Policies	Section: 1-12
Subject: Non-Discrimination and Equal Opportunity Policy	Effective Date: 7/1/16 Rev: 1/6/22

A. Non-Discrimination and Equal Opportunity Policy (WIOA Section 188 and CGS Section 4a-60(a)(1))

In both its programs and its own hiring and employment practices, it is the policy of CWP to neither discriminate nor permit discrimination against any person or group of persons on the grounds of race, color, religious creed, age, marital status, national origin, ancestry, sex, gender identity or expression, status as a veteran, intellectual disability, mental disability or physical disability, including, but not limited to, blindness, unless it is shown that such disability prevents performance of the work involved. CWP will not engage in nor permit discrimination in any manner prohibited by the laws of the United States or of the State of Connecticut. CWP will investigate all complaints alleging discrimination, and will inform all applicants, participants and employees of their rights to file a complaint directly with the Connecticut Commission on Human Rights and Opportunities.

CWP complies with the nondiscrimination and equal opportunity provisions of WIOA Sec. 188, which prohibits discrimination against all individuals in the United States on the basis of race, color, religion, sex, national origin, age, disability, political affiliation or belief, and against citizens and nationals of the United States, lawfully admitted permanent resident aliens, refugees, asylees, and parolees, and other immigrants authorized by the Attorney General to work in the United States.

Additionally, it is CWP policy to adhere to the following laws and regulations.

1. Section 504 of the Rehabilitation Act of 1973, as amended, which prohibits discrimination against qualified individuals with disabilities;
2. The Age Discrimination Act of 1975, as amended, which prohibits discrimination on the basis of age;
3. Title IX of the Education Amendments of 1972, as amended, which prohibits discrimination on the basis of sex in education programs and activities; and
4. Title II of the Genetic Information Nondiscrimination Act of 2008, which prohibits discrimination against employees or applicants because of genetic information.
5. Title VI of the Civil Rights Act of 1964, as amended, prohibits recipients and sub-recipients from discriminating on the basis of race, color, or national origin. Discrimination on the basis of national origin can occur if a recipient or sub-recipient does not provide appropriate language assistance to LEP (Limited English Proficient) individuals because these individuals, whose language is usually tied to their national origin, will not have access to the same benefits, services, information, or rights that the recipient provides to everyone else. Thus, in certain circumstances, failure to ensure that LEP persons can effectively participate in or benefit from federally assisted programs and activities may violate Title VI and its regulations prohibiting national origin discrimination.
6. Federal Executive Order 11246 of September 24, 1965 entitled "Equal Employment Opportunity," as amended and as supplemented in Department of Labor regulations (41 CFR Part 60).
7. CT General Statutes Section 4a-60(a)(1) Nondiscrimination and affirmative action provisions in awarding agency, municipal public works and quasi-public agency project contracts.

B. Nondiscrimination Based on Gender Identity, Gender Expression and Sex Stereotyping

It is CWP policy to prohibit discrimination based on sexual orientation or gender identity and to ensure that there is equal access to services. CWP will administer this policy in accordance with the guidance set forth in US DOL, Employment and Training Administration's Training and Employment Guidance Letter (TEGL) No. 37-14.

- a. First Level - Verbal Warning and Case Note
 - i. The first time that a customer violates the standard of conduct, but the violation is non-violent or threatening such as using the computer for a non-program related reason, they are given a verbal warning to stop and are informed of the specific conduct policy violation and consequences for continuing to violate the standard of conduct.

All AJC partners are notified when a customer is suspended from in-person services. The local program director will communicate the customers misconduct and any decision to suspend services with program partners via email.
5. Non-Discrimination

Any decision to deny or limit services to a customer may not be based upon any customer characteristic(s), which are protected by law. The delivery of services to a customer, the assessment of a customer's behavior, and/or the decision to impose a subsequent penalty for that behavior must not be based upon the customer's gender identity or expression, race, color, national origin, ancestry, religion, age, intellectual disability, mental disability or physical disability, marital status, sexual orientation, status as a veteran, or political affiliation or belief.

CWP Policy and Procedure Manual

Program: CWP Universal Policies	Section: 1-70	Page 1
Subject: CWP Criminal Background Check Policy	Effective Date: 4/1/07	Rev: 5/20/18

A. Purpose

To set forth policy regarding the use of criminal background checks in youth serving programs administered by Capital Workforce Partners (CWP).

B. Definitions

Background check is a term used for the process of acquiring information about an individual through third-party services, government organizations and/or private individuals to determine appropriateness of hiring that individual in the workforce system. The information obtained during a background check can include the individual's employment, credit, or past history, however, the most common usage refers to **criminal records** which are what Capital Workforce Partners (CWP) requires with regard to hiring contracted staff that has direct and ongoing contact with youth under the age of 18.

A **criminal record** is a compilation of an individual's identification, arrest, conviction (law), incarceration, legal status, sex offender registration, warrant information, and other relevant criminal history which are maintained and updated on the local, state, and federal levels by various law enforcement agencies.

An **up-to-date criminal background check** is defined as having been performed within the last three (3) years up to and including the first day of direct youth contact/service.

C. Policy

All staff members having direct and ongoing contact with youth under the age of 18 in a CWP contracted organization must have an up-to-date criminal background check on file subject to monitoring or request by CWP staff. Staff members must have a criminal background check performed on them *before* they begin serving youth in any CWP contracted program.

Any CWP contracted organization found to have staff with the disallowed offenses listed below engaged in working with youth under 18 will be automatically considered noncompliant and immediate action, including a corrective action or dissolution of the contract, will occur.

1. Scope:

- a. Criminal background checks must encompass any non-juvenile (closed), criminal convictions during the staff person's lifetime;
- b. Criminal background checks must include, at a minimum, the entire state of Connecticut. If the staff person has listed other states of residence on their employment application, a criminal background check must be performed in those states as well;
- c. Criminal background checks must be performed on contracted staff every three (3) years to remain current. If a background check was performed within the last three years, and the results were favorable, the staff member may be allowed to directly serve youth until the three years has expired. A new criminal background check must be performed before the expiration date if the individual will remain as contracted staff serving youth under age 18. If there are found to be any lapses between favorable background checks, the individual must be removed from performing contracted work with youth.

2. Offenses which would result in CWP contracted program staff being prohibited to work with youth under the age of 18:

- a. Any crimes against children
- b. Any sexual offenses
- c. Assaults, battery or any other crime of violence
- d. Kidnapping
- e. Lewd conduct
- f. Larceny (within 5 years)
- g. Felony drug convictions (within last 5 years)
- h. Misdemeanor drug convictions (within the last 2 years)
- i. Weapons violations
- j. At the discretion of CWP: Any offense not listed here that may potentially put a youth's safety at risk or might interfere with the staff person's ability to act as a positive adult role model.

3. Types of background checks REQUIRED:

- a. *Criminal Background Check* (see below for types of checks allowed under this policy)
- b. *Connecticut Sex Offender Registry:*

4. Types of criminal background checks ALLOWED:

Connecticut Department of Public Safety:

- a. *Connecticut State Police Bureau of Identification, Criminal Conviction Record Check:*
This is a criminal conviction record check that will offer results of criminal convictions in the state of Connecticut for the lifetime of anyone born post 1928. It encompasses the whole state of Connecticut and is up-to-date and comprehensive. The cost may be charged to the contract. Request forms can be found online
http://www.ct.gov/despp/lib/despp/reports_and_records/dps-0846-c_criminal_history_record_request_form_rev_12-01-17.pdf
- b. *Out of State Records Inquiries:*
Organizations needing to check criminal records outside of the state of Connecticut can access other state departments of public safety through this website:
<http://www.statelocalgov.net/>

D. IMPORTANT:

CWP recognizes that there are many private companies that implement criminal background checks online or otherwise. However, CWP cannot recommend or approve the use of any criminal background check other than those listed above offered through state departments of public safety.

CWP also recognizes that because of the nature of state department processes, performing a background check on an employee may result in unforeseen delays. In these cases, it will be imperative for contracted organizations to use staff with favorable background checks in their service to youth in place of those without completed checks until said checks are in place.

The CWP contracted organization may not share the results of the criminal records check with

anyone other than those with a "need to know." This would include only people making the determination whether or not to hire or retain the candidate in the grant-funded position. The results of criminal background checks, including any related communications about an individual, are considered confidential information. Once received, the information on the candidate should be maintained in a confidential file, with limited access.
